Hi Scott,

I hope that you and those close to you had a very Happy Thanksgiving holiday.

Mine, not so much.

I am very frightened and threatened by the continued actions of my cyberstalker Rynearson/Lee.

Despite his PPO, Rynearson/Lee is continuing to on-line cyberbully, harass and defame me with his two Facebook pages, Bainbridge Island Bubbles and Bainbridge Island Uncensored.

The crux of this stems from fallout from what I sent to you a link a few weeks ago, a propaganda video that Rynearson/Lee produced and aggressively promoting worldwide attacking me and BIMC Judge McCulloch.

I am blocked from his Facebook pages, but you should be able to see it. Friends of mine have provided me with some of the more threatening screenshots before they were removed, as well as providing proof that despite Rynearson/Lee's denials that he is clearly the creator of the pages, all of which are attached below.

On the video he falsely states the PPO, deliberately stoking an atmosphere among viewers and his followers of hatred and retaliation towards me and the judge, with many of them saying that they outright want to kill us. The video also gives detailed directions to my home, including a red spot on my condo like a target.

While I am told that he has removed some of these posts, that is not enough.

As you can see from the attached screen shots, Rynearson/Lee never does disavow, counter nor discourage any of the comments or attacks against me nor the judge, which including threats to kill us. Indeed, he actually "likes" many of them.

You may go see these pages for yourself. I am told by my friends that Rynearson has never disavowed nor discouraged any of these comments of violence and murder, let alone just simply having the common decency to state that he will not allow such threatening statements to be allowed.

Rynearson's silence is demonstrable complicity that endorses these threats.

I am not over reacting. Rynearson/Lee is deliberately and demonstrably attracting irrational, angry people who believe him wholeheartedly, some of whom are willing to publicly state actions of violence.

In this bizarre atmosphere of which we currently live, Rynearson/Lee has given them license, permission and a road map to act out their threats. Remember "pizza gate?": <http://www.rollingstone.com/politics/news/pizzagate-anatomy-of-a-fake-news-scandal-w511904>

Under pressure from my friends and many strangers who have defended me and challenged and ousted Rynearson/Lee's identity, he wrote a manifesto trying to deny he that is behind these FB pages and his justification continuation to cyberstalking/bully/harass me. As his defense, he continues to claim that I am a public figure, but determined and ordered in my PPO that I AM NOT a public figure he can not treat me as such. <https://www.facebook.com/notes/bainbridge-island-uncensored/cliffs-notes-on-the-2000-comments-made-here-and-why-they-matter/257079844821298/>

Despite what the PPO was supposed to provide, I do not feel safe in the least.

I am requesting protection that he be ordered to cease, desist and perhaps be arrested for this flagrant violation of my PPO.

Thank you,

Clarence Moriwaki

Now here is how creating this page has gotten away from the creator... people are now volunteering to stalk the person granted a protection order. Well, Richard Rynearson, if you didn't want to go to jail before, you most certainly will now.

### Bainbridge Island Uncensored

As I've said before (numerous times), I'm not Rynearson. Who is not responsible for the acts/comments of third parties. Nonetheless "what he started" was a public critique of a public figure and there is nothing illegal about publicly critiquing a public figure.

The judge obviously had her blue armband on that day while ruling in favor of clarence malarkee. Best thing to do is stay away from bainbridge island. build a wall around it so they'll be protected from those who may feel the need to exercise their right to free speech aka 1st amendment protections. This is a clear case of how law is interpreted in liberalland. Rather than build a memorial to japanese interment, just build the camp.

**Houston Wade** Rick admits on a post to someone's page that he was standing outside Moriwaki's house approaching people as they left his home. The analogy he implies was that Moriwaki had "put his hand" over his mouth. There was no metaphors, simile, or analogy to standing outside someone's home.

Rick, for the third time: make me.

Like · Reply · November 19 at 4:36pm · Edited

**Bainbridge Island Uncensored** Houston Wade: Not true. The analogy is explained in a different thread here - Shelly Fu comment thread. And also the judge did NOT find physical stalking or that Rynearson physically went to anyone's home. Much less accosted anyone. So this is a complete falsehood.

**Subject:** Action needed in response to continued stalking and harassment from my cyberstalker

Hi Scott,

I hope that you and those close to you had a very Happy Thanksgiving holiday.

Mine, not so much.

I am very frightened and threatened by the continued actions of my cyberstalker Rynearson/Lee.

Despite his PPO, Rynearson/Lee is continuing to on-line cyberbully, harass and defame me with his two Facebook pages, Bainbridge Island Bubbles and Bainbridge Island Uncensored.

The crux of this stems from fallout from what I sent to you a link a few weeks ago, a propaganda video that Rynearson/Lee produced and aggressively promoting worldwide attacking me and BMC Judge McCulloch.

I am blocked from his Facebook pages, but you should be able to see it. Friends of mine have provided me with some of the more threatening screenshots before they were removed, as well as providing proof that despite Rynearson/Lee's denials that he is clearly the creator of the pages, all of which are attached below.

On the video he falsely states the PPO, deliberately stoking an atmosphere among viewers and his followers of hatred and retaliation towards me and the judge, with many of them saying that they outright want to kill us. The video also gives detailed directions to my home, including a red spot on my condo like a target.

While I am told that he has removed some of these posts, that is not enough.

As you can see from the attached screen shots, Rynearson/Lee never does disavow, counter nor discourage any of the comments or attacks against me nor the judge, which including threats to kill us. Indeed, he actually "likes" many of them.

You may go see these pages for yourself. I am told by my friends that Rynearson has never disavowed nor discouraged any of these comments of violence and murder, let alone just simply having the common decency to state that he will not allow such threatening statements to be allowed.

Rynearson's silence is demonstrable complicity that endorses these threats.

I am not over reacting. Rynearson/Lee is deliberately and demonstrably attracting irrational, angry people who believe him wholeheartedly, some of whom are willing to publicly state actions of violence.

In this bizarre atmosphere of which we currently live, Rynearson/Lee has given them license, permission and a road map to act out their threats. Remember "pizza gate?": <http://www.rollingstone.com/politics/news/pizzagate-anatomy-of-a-fake-news-scandal-w511904>

Under pressure from my friends and many strangers who have defended me and challenged and ousted Rynearson/Lee's identity, he wrote a manifesto trying to deny he that is behind these FB pages and his justification continuation to cyberstalking/bully/harass me. As his defense, he continues to claim that I am a public figure, but determined and ordered in my PPO that I AM NOT a public figure he can not treat me as such. <https://www.facebook.com/notes/bainbridge-island-uncensored/cliffs-notes-on-the-2000-comments-made-here-and-why-they-matter/257079844821298/>

Despite what the PPO was supposed to provide, I do not feel safe in the least.

I am requesting protection that he be ordered to cease, desist and perhaps be arrested for this flagrant violation of my PPO.

Thank you,

Clarence Moriwaki

Hi Scott,

Just an FYI: My cyberstalker Richard Lee Rynearson is attacking BIMC Judge McCulloch with a paid ad video on Facebook. I've sent her a link and of course she's a publicly elected judicial official, but keeping an eye out might be advisable.

Judge McCulloch,

I don't know if you have been made aware, but Richard Rynearson, or someone under his direction, has created a video and web page devoted to defaming you and encouraging threats of violence and lewd remarks about and against you. They have paid to advertise it on Facebook about you and a protection order case Clarence Moriwaki made against Rynearson. [https://m.facebook.com/story.php?story\\_fbid=251669422029007&id=209244532938163](https://m.facebook.com/story.php?story_fbid=251669422029007&id=209244532938163)

I am by no means a legal expert, but the page would appear to violate the protection order, and may construe a history of behavior now that you are a target.

I also wrote Rynearson's attorney informing him of the page. He has acknowledged receipt, and as of today the administrator of the page has begun chastising rather than encouraging the lewd comments while simultaneously "liking" or "hearting" said comments.

Sorry to bring this to your attention,

-Houston Wade

Hi Scott,

One more screen shot forwarded to me from my friends following Rynearson/Lee's Facebook page Bainbridge Island Bubbles, where he called me out by name, a violation of the PPO.

Thank you,

Clarence Moriwaki

**Topher White** I'll leave the pending appeal process to rule on that. I think it's gross that you're propagandizing this after having harassed a guy for his politics. By the by, I also think that indefinite detention is gross AND I like Barrack Obama. You wanna make a website about me and start bugging all my friends on Facebook about that too? I'd love to get you banned from Seattle, too.

**Bainbridge Island Bubbles** I wrote the post that I think you're replying to and I'm not Rynearson, for what it's worth. In any event, I think the point of the critique at issue in the case was not that a regular joe public should not like Obama if he opposes indefinite detentio... See More

Subject: Action needed in response to continued stalking and harassment from my cyberstalker

Hi Scott,

I hope that you and those close to you had a very Happy Thanksgiving holiday.

Mine, not so much.

I am very frightened and threatened by the continued actions of my cyberstalker Rynearson/Lee.

Despite his PPO, Rynearson/Lee is continuing to on-line cyberbully, harass and defame me with his two Facebook pages, Bainbridge Island Bubbles and Bainbridge Island Uncensored.

The crux of this stems from fallout from what I sent to you a link a few weeks ago, a propaganda video that Rynearson/Lee produced and aggressively promoting worldwide attacking me and BIMC Judge McCulloch.

I am blocked from his Facebook pages, but you should be able to see it. Friends of mine have provided me with some of the more threatening screenshots before they were removed, as well as providing proof that despite Rynearson/Lee's denials that he is clearly the creator of the pages, all of which are attached below.

On the video he falsely states the PPO, deliberately stoking an atmosphere among viewers and his followers of hatred and retaliation

Thank you Diane for letting me know that the court had read the email and forwarded it to the COBI PD.

I had addressed this email to Detective Scott Weiss and cc'd the court, but I am pleased to hear that you re-sent it to him for his attention.

I am sorry and concerned that the COBI Municipal Court has been put under constant on-line - and apparently growing - attacks from my cyberstalker and his followers.

I hope that Judge McCulloch is holding up OK dealing with this nightmare, and that sincerely applies to you as well and all our your fellow court colleagues.

The video also gives detailed directions to my home, including a red spot on my condo like a target.

While I am told that he has removed some of these posts, that is not enough.

As you can see from the attached screen shots, Rynearson/Lee never does disavow, counter nor discourage any of the comments or attacks against me nor the judge, which including threats to kill us. Indeed, he actually "likes" many of them.

You may go see these pages for yourself. I am told by my friends that Rynearson has never disavowed nor discouraged any of these comments of violence and murder, let alone just simply having the common decency to state that he will not allow such threatening statements to be allowed.

On the video he falsely states the PPO, deliberately stoking an atmosphere among viewers and his followers of hatred and retaliation towards me and the judge, with many of them saying that they outright want to kill us. The video also gives detailed directions to my home, including a red spot on my condo like a target.

While I am told that he has removed some of these posts, that is not enough.

As you can see from the attached screen shots, Rynearson/Lee never does disavow, counter nor discourage any of the comments or attacks against me nor the judge, which including threats to kill us. Indeed, he actually "likes" many of them.

You may go see these pages for yourself. I am told by my friends that Rynearson has never disavowed nor discouraged any of these comments of violence and murder, let alone just simply having the common decency to state that he will not allow such threatening statements to be allowed.

Rynearson's silence is demonstrable complicity that endorses these threats.

I am not over reacting. Rynearson/Lee is deliberately and demonstrably attracting irrational, angry people who believe him wholeheartedly, some of whom are willing to publicly state actions of violence.

In this bizarre atmosphere of which we currently live, Rynearson/Lee has given them license, permission and a road map to act out their threats. Remember "pizza gate?": <http://www.rollingstone.com/politics/news/pizzagate-anatomy-of-a-fake-news-scandal-w511904>

Under pressure from my friends and many strangers who have defended me and challenged and ousted Rynearson/Lee's identity, he wrote a manifesto trying to deny he that is behind these FB pages and his justification continuation to cyberstalking/bully/harass me. As his defense, he continues to claim that I am a public figure, but determined and ordered in my PPO that I AM NOT a public figure he can not treat me as such. <https://www.facebook.com/notes/bainbridge-island-uncensored/cliffs-notes-on-the-2000-comments-made-here-and-why-they-matter/257079844821298/>

Despite what the PPO was supposed to provide, I do not feel safe in the least.

I am requesting protection that he be ordered to cease, desist and perhaps be arrested for this flagrant violation of my PPO.

Thank you,

Clarence Moriwaki

Judge McCulloch,

I don't know if you have been made aware, but Richard Ryneerson, or someone under his direction, has created a video and web page devoted to defaming you and encouraging threats of violence and lewd remarks about and against you. They have paid to advertise it on Facebook about you and a protection order case Clarence Moriwaki made against Ryneerson. [https://m.facebook.com/story.php?story\\_fbid=251669422029007&id=209244532938163](https://m.facebook.com/story.php?story_fbid=251669422029007&id=209244532938163)

I am by no means a legal expert, but the page would appear to violate the protection order, and may construe a history of behavior now that you are a target.

I also wrote Ryneerson's attorney informing him of the page. He has acknowledged receipt, and as of today the administrator of the page has begun chastising rather than encouraging the lewd comments while simultaneously "liking" or "hearting" said comments.

Sorry to bring this to your attention,

Judge McCulloch,

I have found that Richard Rynearson and his wife are the ones running the page encouraging violence against you and further harassment of Moriwaki. I attached a screen shot showing them both as the creators of the page.

Thank you for your time,

Judge McCulloch,

I don't know if you have been made aware, but Richard Rynearson, or someone under his direction, has created a video and web page devoted to defaming you and encouraging threats of violence and lewd remarks about and against you. They have paid to advertise it on Facebook about you and a protection order case Clarence Moriwaki made against Rynearson. Hi Jonathan,

I just left you a voicemail message. I understand that you're doing your best, but please understand why I'm obviously, sadly and frustratingly disappointed.

I am upset and disappointed that once again the prosecutors' office fails to want to act. I met privately with her and two of the deputies, and they kept saying that my case was "protected speech." As I clearly said to them then - and so did the BIMC - IT IS NOT.

The BIMC determined beyond a preponderance of the evidence that I am NOT a public figure. Nothing has changed this conclusion of law and findings of fact.

All of current actions by Rynearson/Lee (he uses the "public figure" claim in his comments as his defense for al of this continued cyber harassment) are thus not protected speech. Rynearson/Lee's continued on-line comments and harassment are therefore violations of the PPO.

Besides the information that I sent you, did you yourself take time to view in depth his video and his various FB pages and comment threads, ie: Bainbridge Island Bubbles, Bainbridge Island Uncensored as well as his own pages Richard Lee and Rick Rynearson?

His attempt to "hide" behind these pages and use them to still stalk and comment about me are thinly veiled attempts to skirt the law. These actions are precisely what the PPO was to supposed to protect me from: his online harassment and cyberstalking by preventing hm from doing ever again.

I can not believe that the COBI PD or the prosecutor's office aren't taking the death threats seriously to me and the judge. I'm living in more fear, losing sleep and worried more than ever by these death threats. I can not believe that the COBI PD or the prosecutor's office aren't taking these death threats seriously to me and the judge.

Of course, the death threats boasted by some of these jerks may simply be false bravado spouted from behind their lonely keyboards, but it's the unspoken and passionate, unhinged sympathizers of whom I am most worried.

I am pleading. Hear me. I am truly fearful that some zealot inspired from Rynearson's video (as you saw, one has already selected a date to come after me) will someday find his/her way to my home.

Given his demonstrated obsession, effort and resources to produce and advertise his video, writing his incoherent manifesto and all the rest, I firmly believe that he is doing more attacking of me out of view of the public on his closed Rick Rynearson FB page, what he shares in private messages, and with his friends on the Richard Lee FB page,

As a citizen I am requesting that you investigate these pages of his and any related pages. His Rick Rynearson page is a closed group and thus not viewable to anyone other than those admitted by him, but if you don't have the hacking ability to access it, as you know facebook will allow access for a law enforcement investigation.

Please, I am asking for some justice, sanity and safety.

Thank you,

Clarence Moriwaki

Hello, Clarence.

I've reviewed all the information and discussed it with the prosecutor's office. At this time, there isn't anything criminal to prosecute. Please contact me if you'd like to ask questions or talk about it further. I'm typically in on weekdays. My office number is 206 780 4682.
