

**Houston Wade** So, Rick, I know you like it rough... so how about this:

Washington State is a mutual combat state. I challenge you to bare knuckles mutual combat, loser has to delete all accounts, profiles, and pages, and never gets to use the Internet again and the winner gets to do whatever he likes with the loser's body for 1 hour. What do you say, champ? Some homoerotic violent dancing for all your followers?

Answer the question: do you wanna fight? Quit pussy footing around.

I lost \$300k on a gamble to drive traffic to my website that backfired. Now, do you want to be my cathartic focus and fight me?

**Louis Pascuito** @LPascuito · Jul 23

300k wow thats alot of money ! So what website was this ? Who was the lucky guy ? You could have interviewed him surely? That would have brought traffic to you ? Quack Quack enjoy insanity.

**RockGod** @TheWouston · Jul 23

My YouTube channel, genius. The entire point was to do a new clue every week on the channel and drive traffic and subscribers. Thats how a promotion works. The "lucky guy" guessed that "triple crown stakes" meant Belmont, NV and asked to remain anonymous, as is his right.

After 20 years of living on BI I have finally been tossed out of a local establishment. Well, not so much tossed as asked not to come back. It's because I finally decided to take a stand within my community. I decided to express my First Amendment right to speak. I shouted "Free Palestine" on Winslow Way last week. Since the advent of web I have followed the horrific situation of the Palestinian people, particularly in the Gaza strip, but also the West bank and in Israel.

**Houston Wade** Bull. Fucking. Shit.

You screamed "Free Palistine" at two American Jews Tuesday night while they were minding their own business and continued to accost them. The place they worked told you that they don't feel safe with you coming in there.

Don't try to make yourself into the hero, because tonight at work they had to have someone else go ask you to leave because I was going to cave in your fucking skull if I had to do it.

**Houston Wade** The people you accosted aren't Zionists, you bigoted piece of shit. Yes, I was there tonight. Andrew tried explaining to you very diplomatically that your actions were targeting an historically maligned minority at a time of heightened attacks them on the same day that a bunch of Jews were shot to death in NJ for the simple fact they were Jewish.

Americans citizens have no say in how the Likud operate in Israel. You yelled at them for no other reason than your own prejudice.

If you see me, walk the other way.

**Dan Gallagher** Re-read my post Houston. You're struggling with the logic of it, I know. And you think you're protecting your coworkers. But they are not threatened by me in any way. Nor are you. Breathe easy. I support their human rights as much as I do the Palestinians. The difference is, I don't support the Zionists. Your friends had an opportunity to agree but they choose to support the apartheid state. I am older than you. I remember apartheid South Africa and we marched against it. Your aggression disguised as defense serves only to suppress the voices that call for peace in Palestine and an end to the oppression of the Palestinian people. It's really not a fine distinction if you put away the false outrage and look at the subject objectively.

**Houston Wade** They're not threatened by you? Then why is there a police report? They were very, very threatened by you, you stupid fucking idiot.

He doesn't. After I booted him from a FB group for stalking and harassing someone else, he **accosted me** on the street claiming that he never posted the shit I kicked him out for. I told him not to lie to my face. Then he started stalking me.

**Bob Seaby Houston Wade**, let's get one thing very clear. I did not put up with the flippant harassing manner of the island's political Troll resulting in swift Blocking. I stopped having to deal with smart ass boys when I retired from teaching JHS. We may have been one of my FB friends but my real friends don't comment and behave as you do. Am I making myself clear?
