Ryno, you have been awful quiet lately since you spend all your time bitching on Twitter about censorship...and interesting that you blocked me on Twitter! What is that about censorship? Any who...[Houston Wade](#), Tres Cozine, and I have missed you on FB!

I hear you are on your way back from Florida...now that you have had time off the rock, are you ready to come clean about your less than illustrious military career that you keep touting? You know, the one where you got multiple letters of reprimand, got arrested multiple times in the state of Texas, and where you got passed over not once but twice for LtCol and so between that, your LOR's and your loss of your security clearance you were forced to separate or be booted?

Can't wait to see more of your videos! Next time you display your DD214 you should show the letter that went with it!

Sunlight truly IS the best disinfectant!

Too bad Twitter doesn't have a letter of reprimand.

So my wife and I were forced from our home for civil public Facebook criticisms of a politically powerful civic leader. facebook.com/Bluncensored/v...

Civil my ass. At some point, you're going to have to come to terms with fact that your actions have been inexcusably douche.

You want to hold civil debate? Fine. Threatening people is beyond the pale. I've seen and screenshot you're responses in multiple places.

You're a liar

Mr. Dickhead, take your request, moisten it and shove it up your fucking ass.

You won your 'free speech' case? I don't care. Your constant harassment of people from Bainbridge qualifies you to receive exactly FUCK ALL from me except an attitude check if you ever run into me. 🍑

Houston Wade That would be Richard Lee Ryneerson. He is a serial stalker and absolute crazy person. Got busted stalking federal agents, federal judges, stalks the founder of the Japanese American Exclusion Memorial, and has entire Twitter feeds dedicated to stalking local members of the community.

He is wanted for questioning for breaking into someone's home and rearranging everything while they slept and smearing some sort of "organic material" all over their walls.

You bio says you "call out bullshit" but you support men who make 7 years old so terrified they go to the bathroom in their wastepaper basket because they're too scared to leave their room. Way to go, you piece of shit.

Went through TSA with my [#MAGA](#) hat on to remind everyone that their jobs are disposable and they're non-essential. Their paychecks come from someone else's paychecks. What a world we live in where we accept that.
