

Kitsap Local Affairs is an uncensored forum. As such, it has come under attack by Antifa and other operatives who do not wish for people to enjoy the right to free speech in social media. They have spammed the forum in the hope of getting themselves censored for a talking point, or to drive traffic from the forum. We are committed to free speech and uncensored discussion, and we expect our members to use their Facebook “block” buttons to tailor their own experience. As such, we have created this list of suspected trolls along with a quick link members can click to quickly block each one if they choose to do so. Simply click each link, click “...” and select “block” to do so.

He took over immediately as admin for Rachael Kentner. Rachael Kentner has networked with Clarence Moriwaki, Ali Perry, and John Haydon over her concerns about our forum.</p> |

She joined the day after David Archer said he was leaving KLA (but didn’t). Her brand new account had one friend in KLA, David Archer. “Cindy” is a cry bully using emotional ploys, says KLA is the worst group she’s ever seen, refuses to leave, and she complains about KLA on the NKS group while suggesting people leave KLA.</p>   |

Formed his own groups and shared links. Refuses to leave the group despite saying he is leaving.</p>   |
